BRIEF EXPLANATION OF RESULTS AND COMMENTARY ON RESULTS AND OTHER SIGNIFICANT INFORMATION

Bentley generated a net gain of \$0.412 million on its investments during the year, which included a net unrealised gain of \$0.438 million attributable to Yowie Group Ltd (ASX:YOW) arising from capital returns (totalling \$0.597 million or 6 cents per Yowie share for the year) and \$0.159 million unrealised loss (from a decline in the Yowie share price from 5.1 cents to 3.5 cents during the year).

Results for Announcement to the Market

There was no change in the carrying value of Bentley's investments in Strike Resources Limited (ASX:SRK) (52,553,493 shares at 4.5 cents per share) and Keybridge Capital Limited (ASX:KBC) (31,700,000 shares at 6.9 cents per share) during the year.

Bentley notes that Strike's share price has increased significantly since the balance date, to a last bid price of 11 cents (on 19 August 2020). This translates to an unrealised net gain of \$3.416 million for the current 2020/2021 financial year, which is equivalent to 4.5 cents per Bentley share (based on Bentley's issued capital of 76,127,918 shares).

On 23 July 2020, Bentley accepted into the WAM Active Limited (ASX:WAA) (WAA) off-market takeover bid for Keybridge in respect of 31,680,000 shares and received cash consideration of \$2,185,920 from WAA on 27 July 2020. As the consideration was the same as the carrying value as at balance date, there was no gain or loss arising on the sale for the current 2020/2021 financial year.

Bentley's net loss for the year was materially impacted by non-recurring expenditure items. Corporate, other administration and other expenses were otherwise down 8% from the previous year.

Please refer to the Directors' Report and financial statements and notes for information on a review of Bentley's operations and the financial position and performance of Bentley for the year ended 30 June 2020.

DIVIDENDS

Bentley has not declared payment of a dividend for the year ended 30 June 2020.

ASSOCIATE ENTITY

Bentley does not have any Associate entities.

CONTROLLED ENTITIES

Bentley did not gain or lose control over any controlled entities during the year.

DIRECTORS' REPORT

The Directors present their Directors' Report on Bentley Capital Limited ABN 87 008 108 218 (**BEL** or **Company**) and its controlled entities (**Bentley** or the **Consolidated Entity**) for the financial year ended 30 June 2020 (**Balance Date**).

BEL is a company limited by shares that was incorporated in South Australia in June 1986 and has been listed on the Australian Securities Exchange (**ASX**) since October 1986 (ASX Code: BEL).

PRINCIPAL ACTIVITIES

BEL is a listed investment company (**LIC**). Bentley's investment objectives are to:

- Achieve a high real rate of return over the medium term, ideally comprising both revenue and capital growth, whilst operating within acceptable risk parameters set by the Board; and
- Deliver a regular distribution stream to shareholders.

Within its broader investment mandate¹, Bentley has a focus on several key investment sectors which the Board believes offer the opportunity to collectively generate overall returns for shareholders materially in excess of the ASX All Ordinaries Index²:

- (1) Strategic investments in listed companies with either an active or passive participation;
- (2) Corporate financing;
- (3) Promotion of IPOs; and
- (4) Participation in, and funding of, corporate restructurings.

Investment in Strike Resources Limited (ASX : SRK)

As at 30 June 2020 and currently, Bentley is a major shareholder in Strike with 52,553,493 shares (25.37%³) (30 June 2019: 52,553,493 shares; 36.16%⁴).

Strike Resources Limited is an ASX listed resource company which is developing the Paulsens East Iron Ore Project in Western Australia. Strike also owns the Apurimac Magnetite Iron Ore Project and Cusco Magnetite Iron Ore Project in Peru and a number of battery minerals related projects around the world, including the Solaroz Lithium Brine Project in Argentina and the Burke Graphite Project in Queensland. The Paulsens East Iron Ore Project (Strike 100%) is located in the Pilbara, Western Australia. Strike is completing a Feasibility Study on the Paulsens East Iron Ore Project.⁵

Bentley Chairman (Farooq Khan) is also Chairman of Strike and Bentley Executive Director (William Johnson) is the Managing Director of Strike.

- 4 September 2019: Significant Upgrade of JORC Mineral Resource into Indicated Category at Paulsens East Iron Ore Project

DIRECTORS' REPORT

Bentley's interest in Strike has diluted during the year as a consequence of equity capital raisings undertaken by Strike:

- On 18 July 2019, Strike raised \$0.981 million through a placement of 21.8 million shares.
- On 5 June 2020, Strike raised \$1.8 million through a placement of 40 million shares.

Further information about Strike's resource projects and activities are contained in their ASX releases, including as follows:

Strike's market announcements may also be viewed from the ASX website (www.asx.com.au) under ASX code "SRK".

Investment in Yowie Group Ltd (ASX:YOW)

As at 30 June 2020, Bentley held 9,956,110 Yowie shares (4.57%) (30 June 2019: 9,956,110 shares; 4.57%).

On 10 August 2020, Bentley acquired a further 11,243,150 Yowie shares (at a cost of \$0.035 per share), increasing its total interest to 21,199,260 shares (9.71%).⁶

During the year, Yowie distributed capital returns totaling 6 cents per share (after receiving shareholder approvals):

- On or about 26 November 2019, Yowie returned capital of 2 cents per share - Bentley received \$199,122;
- On or about 14 July 2019, Yowie returned capital of 4 cents per share (shareholder approval was obtained on 24 June with a 30 June record date for determining entitlements to the capital return; Yowie shares traded on an ex-return of capital basis on 29 June) - Bentley received \$398,245.

The Yowie capital returns have the effect of reducing the cost base of Bentley's investment in Yowie - this has led to a reversal of previous years' provision for impairment (\$597,367), which has translated to Bentley generating a net gain on the Yowie investment of \$0.438 million.

Yowie employs its intellectual property rights in the outsourcing of the manufacturing and distribution of the Yowie chocolate confectionery product and in the development of a Yowie digital platform and Yowie branded licensed consumer products.⁷

Information concerning Yowie may be viewed on its website: www.yowiegroup.com

Yowie's market announcements may also be viewed from the ASX website (www.asx.com.au) under ASX code "YOW".

DIRECTORS' REPORT

Investment in Keybridge Capital Limited (ASX:KBC)

As at 30 June 2020, Bentley was a major shareholder in Keybridge with 31,700,000 shares (30 June 2019: 31,700,000 shares).

Keybridge has a portfolio of listed and unlisted investments/loan assets in the private equity (USA), life insurance (New Zealand), property and funds management sectors and major holdings in HHY Fund (ASX:HHY), Molopo Energy Limited (ASX:MPO), Metgasco Limited (ASX:MEL) and Yowie Group Ltd (ASX:YOW).⁸

Bentley Executive Director, William Johnson, served on the Board of Keybridge between July 2016 and 17 April 2020. Bentley's Non-Executive Director, Simon Cato, also served on the Board of Keybridge between July 2016 and 17 January 2020.

Keybridge has been suspended from trading on ASX since 16 July 2019.⁹

Keybridge's last published net asset backing was \$0.0582 per share as at 31 December 2019, as disclosed in Keybridge's 31 December 2019 Half Year Report released on ASX on 2 March 2020 (unaudited) and 8 May 2020 (auditor reviewed).

On 28 April 2020, WAM Active Limited (ASX:WAA) (**WAA**) launched an off-market takeover bid for Keybridge at \$0.069 cash per share (**Offer**). The Offer is unconditional and opened on 21 July 2020.¹⁰

As at 30 June 2020, Bentley adopted a carrying value of \$0.069 per Keybridge share, based on the Board's judgement of Keybridge's value having regard to the existence of a cash, unconditional takeover bid for Keybridge as at balance date.

On 23 July 2020, Bentley accepted into the WAA Offer in respect of 31,680,000 shares in Keybridge and received cash consideration of \$2,185,920 from WAA on 27 July 2020.

Keybridge's market announcements may be viewed from the ASX website (www.asx.com.au) under ASX code "KBC"

Technology Operations

During the year, Bentley closed down its technology operations (previously involved in software, Internet and applications development) as it had not provided sufficient commercial returns to justify its continuation.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There were no significant changes in the state of affairs of Bentley that occurred during the financial year not otherwise disclosed in this Directors' Report or the financial statements.

Audit Committee

The current composition of the Audit Committee is Simon Cato (as Chairman) and William Johnson. The Audit Committee has a formal charter to prescribe its objectives, duties and responsibilities, access and authority, composition, membership requirements of the Committee and other administrative matters. Its function includes reviewing and approving the audited annual and reviewed half-yearly financial reports, ensuring a risk management framework is in place, reviewing and monitoring compliance issues, reviewing reports from management and matters related to the external auditor. A copy of the Audit Committee Charter may be downloaded from the Company's website: <http://bel.com.au/corporate-governance>

Remuneration Committee

The composition of the Remuneration Committee is Simon Cato (as Chairman) and William Johnson. A copy of the Remuneration Committee Charter may also be downloaded from the Company's website.

REMUNERATION REPORT

This Remuneration Report details the nature and amount of remuneration for each Director and Company Executive (being a company secretary or senior manager) (**Key Management Personnel**) of the Company.

The information provided under headings (1) to (7) below has been audited for compliance with section 300A of the *Corporations Act 2001 (Cth)* as required under section 308(3C).

(1) Remuneration Policy

The Board (with guidance from the Remuneration Committee) determines the remuneration structure of all Key Management Personnel having regard to the Consolidated Entity's strategic objectives, scale and scope of operations and other relevant factors, including experience and qualifications, length of service, market practice (including available data concerning remuneration paid by other listed companies and in particular, companies of comparable size and nature), the frequency of Board meetings, the duties and accountability of Key Management Personnel and the objective of maintaining a balanced Board which has appropriate expertise and experience, at a reasonable cost to the Company.

The Remuneration Committee: The Committee has a formal charter to prescribe its purpose, key responsibilities, composition, membership requirements, powers and other administrative matters. A purpose of the Committee is to assist the Board to adopt and implement a remuneration system that is required to attract, retain and motivate company personnel. In carrying out this 'remuneration function', the Committee's key responsibilities are to:

- make recommendations to the Board on the specific benefits to be provided to the Executive Chairman/Managing Director and any other Executive Director, including equity-based remuneration; and
- assist the Executive Chairman/Managing Director to determine the remuneration (including equity-based remuneration) of 'Senior Management' (being executive direct reports to the Managing Director and other senior employees) and advise on those determinations.

A copy of the Remuneration Committee Charter may also be downloaded from the Company's website: <http://bel.com.au/corporate-governance>

Corporate Governance Principles: The Company's Corporate Governance Statement (CGS) also addresses matters pertaining to the Board, Senior Management and Remuneration. The latest version of the CGS may be downloaded from the Company's website: <http://bel.com.au/corporate-governance>

Fixed Cash Short-term Employment Benefits: The Key Management Personnel of the Company are paid a fixed amount per annum plus applicable employer superannuation contributions. The Non-Executive Directors of the Company are paid a maximum aggregate base remuneration of \$110,000¹² per annum inclusive of employer superannuation contributions where applicable, to be divided as the Board determines appropriate.

The Board has determined the following fixed cash remuneration for current Key Management Personnel during the year as follows:

Executive Directors

- (1) Mr Farooq Khan (Executive Chairman) – a base salary of \$175,000 per annum plus employer superannuation contributions; and
- (2) Mr William Johnson – a base salary of \$37,000 per annum plus employer superannuation contributions.

¹² As approved by shareholders at the Annual General Meeting held on 24 November 2005; refer Bentley's ASX announcement dated 25 October 2005: Notice of Annual General Meeting and Bentley's ASX announcement dated 24 November 2005: Results of 2005 AGM

REMUNERATION REPORT

Non-Executive Director

- (3) Mr Simon Cato - a base fee of \$24,000 per annum plus employer superannuation contributions;

Company Executive/Senior Manager

- (4) Mr Victor Ho (Company Secretary) - a base salary of \$85,000 per annum plus employer superannuation contributions.

Special Exertions and Reimbursements: Pursuant to the Company's Constitution, each Director is also entitled to receive:

- (a) Payment for reimbursement of all travelling, hotel and other expenses reasonably incurred by a Director for the purpose of attending meetings of the Board or otherwise in and about the business of the Company; and
- (b) In respect of Non-Executive Directors, payment for the performance of extra services or the making of special exertions for the benefit of the Company (at the request of and with the concurrence of the Board).

Short-Term Benefits: The Company Secretary has the opportunity to earn performance-related cash bonuses as agreed with the Company from time to time pursuant to the terms of his employment agreement. However, no bonus schemes have been set for the Company Secretary. Members of the Company's Investment Committee are entitled to participate under the Company's Performance Bonus Scheme (PBS) - further details are disclosed below. The Company does not otherwise have any short-term incentive (STI) cash bonus schemes (or equivalent) in place for Key Management Personnel.

Long-Term Benefits: Save for the PBS, the Company does not have any long-term incentive (LTI) cash bonus schemes (or equivalent) in place for Key Management Personnel.

Equity-Based Benefits: The Company does not presently have any equity (shares or options) based remuneration arrangements for any personnel pursuant to any executive or employee share or option plan or otherwise.

Post-Employment Benefits: The Company does not presently provide retirement benefits to Key Management Personnel. Other than early termination benefits disclosed in 'Employment Agreement' below, Key Management Personnel also have no right to termination payments save for payment of accrued unused annual and long service leave (where applicable) (these accrued employee entitlements are not applicable in respect of Non-Executive Directors). The Company notes that shareholder approval is required where a Company proposes to make a "termination payment" (for example, a payment in lieu of notice, a payment for a post-employment restraint and payments made as a result of the automatic or accelerated vesting of share based payments) in excess of one year's "base salary" (defined as the average base salary over the previous 3 years) to a director or any person who holds a managerial or executive office.

Performance-Related Benefits and Financial Performance of Company: Save for any applicable performance-related cash bonus schemes in place for the Company Secretary or the PBS, the current remuneration of Key Management Personnel is fixed, is not dependent on the satisfaction of a performance condition and is unrelated to the Company's performance.

The Company's PBS has conditions for payment being related to the Company's financial performance. If the conditions for payment under the PBS have been satisfied, the Company will pay cash bonuses to members of the Investment Committee (being the Executive Directors and the Company Secretary). Refer to Section (2) below for further information about the PBS.

(4) Employment Agreements

Details of the material terms of employment agreements entered by the Company with Key Management Personnel are as follows:

Key Management Personnel and Position(s) Held	Relevant Date(s)	Base Salary/Fees per annum	Other Terms
Victor Ho (Company Secretary)	8 May 2015 (date of employment agreement) 5 February 2004 (commencement date, being the date of appointment as Company Secretary) 1 May 2010 (date of effect of remuneration)	\$85,000 plus employer superannuation contributions (currently 9.5% of base salary) plus provision of office car parking	<ul style="list-style-type: none"> The agreement has no fixed term or fixed rolling terms of service. Commitment to a minimum prescribed hours per week over the course of a 5 day working week plus reasonable additional time required by the Company. Standard annual leave (20 days) and personal/sick leave (10 days paid) entitlements plus entitlement to long service leave of 60 days after 7 years of service with an additional 5 days after each year of service thereafter. 3 months' notice of termination by the Company and one month's notice of termination by employee. Immediate termination without notice if employee commits any serious act of misconduct. Not prohibited from also concurrently performing the role of director or company secretary of any other company or companies, to the extent that that it does not interfere with the proper performance of duties under the agreement. Entitlement to performance related cash bonuses as agreed with the Company from time to time - as at the date of this report, no bonus scheme has been established (save for the Performance Bonus Scheme)

The Company does not presently have formal service agreements or employment agreements with other Key Management Personnel.

(5) Other Benefits Provided to Key Management Personnel

Save as outlined below, no Key Management Personnel has during or since the end of the financial year, received or become entitled to receive a benefit, other than a remuneration benefit as disclosed above, by reason of a contract made by the Company or a related entity with the Director or with a firm of which he is a member, or with a Company in which he has a substantial interest:

- During the year, the Company advanced \$89,468 loan funds in respect of William Johnson's legal costs incurred in circumstances where Mr Johnson's Director's Deed with the Company provides a procedure for the advancement of monies in this regard. The Board agreed to advance these funds in accordance with the relevant provision of Mr Johnson's Director's Deed and subject also to various conditions agreed with Mr Johnson, including advancing indemnity claims vis a vis third-parties and a review of the position thereafter. The Company and Mr Johnson have also each reserved their respective rights in the matter.
- Subsequent to the end of the financial year, the Company advanced a further \$81,232.14 to Mr Johnson on the same basis as (a) above.

REMUNERATION REPORT

(6) Engagement of Remuneration Consultants

The Company has not engaged any remuneration consultants to provide remuneration recommendations in relation to Key Management Personnel during the year. The Board has established a policy for engaging external Key Management Personnel remuneration consultants which includes, inter alia, that the Non-Executive Directors on the Remuneration Committee be responsible for approving all engagements of and executing contracts to engage remuneration consultants and for receiving remuneration recommendations from remuneration consultants regarding Key Management Personnel. Furthermore, the Company has a policy that remuneration advice provided by remuneration consultants be quarantined from Management where applicable.

(7) Shares held by Key Management Personnel

The number of ordinary shares in the Company held by Key Management Personnel is set below:

Key Management Personnel	Balance at 30 June 2019	Additions	Received as part of remuneration	Disposals	Balance at 30 June 2020
Executive Directors:					
Farooq Khan	11,717,586	-	-	-	11,717,586

DIRECTORS' REPORT

DIRECTORS' AND OFFICERS' INSURANCE

The Company insures Directors and Officers against liability they may incur in respect of any wrongful acts or omissions made by them in such capacity (to the extent permitted by the *Corporations Act 2001 (Cth)*) (**D&O Policy**). Details of the amount of the premium paid in respect of the insurance policy is not disclosed as such disclosure is prohibited under the terms of the contract.

DIRECTORS' AND OFFICERS' DEEDS

In addition to the rights of indemnity provided under the Company's Constitution (to the extent permitted by the *Corporations Act 2001 (Cth)*), the Company has also entered into a deed with each of the Directors and the Company Secretary (**Officer**) to regulate certain matters between the Company and each Officer, both during the time the Officer holds office and after the Officer ceases to be an officer of the Company, including the following matters:

- (a) The Company's obligation to indemnify an Officer for liabilities or legal costs incurred as an officer of the Company (to the extent permitted by the *Corporations Act 2001 (Cth)*); and
- (b) Subject to the terms of the deed and the *Corporations Act 2001 (Cth)*, the Company may advance monies to the Officer to meet any costs or expenses of the Officer incurred in circumstances relating to the indemnities provided under the deed and prior to the outcome of any legal proceedings brought against the Officer.

Refer also to Section 5(a) and (b) of the Remuneration Report for details of the Company's advance of loan funds in respect of a Director's legal costs incurred in circumstances where the Director's Deed with the Company provides a procedure for the advancement of monies in this regard.

LEGAL PROCEEDINGS ON BEHALF OF COMPANY

No person has applied for leave of a court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of such proceedings. The Company was not a party to any such proceedings during and since the financial year.

AUDITORS

Details of the amounts paid or payable to the Auditors for audit and non-audit services provided during the financial year are set out below:

Auditor	Audit & Review Fees \$	Non-Audit Services \$	Total \$
Rothsay Auditing	\$22,000	-	\$22,000

The Board is satisfied that the provision of non-audit services by the auditor during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001 (Cth)*. The Board is satisfied that the nature of the non-audit services disclosed above did not compromise the general principles relating to auditor independence as set out in the Institute of Chartered Accountants in Australia and APES 110 Code of Ethics for Professional Accountants: Professional Independence, including reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company, acting as advocate for the Company or jointly sharing economic risk and rewards.

Rothsay Auditing continues in office in accordance with section 327 of the *Corporations Act 2001 (Cth)*.

DIRECTORS' REPORT

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the Auditor's Independence Declaration as required under section 307C of the *Corporations Act 2001 (Cth)* forms part of this Directors Report and is set out on page 20. This relates to the Auditor's Report, where the Auditors state that they have issued an independence declaration.

EVENTS SUBSEQUENT TO BALANCE DATE

The Directors are not aware of any matters or circumstances at the date of this Directors' Report, other than those referred to in this Directors' Report (in particular, in the Review of Operations) or the financial statements or notes thereto (in particular Note 25 - Events occurring after the reporting period), that have significantly affected or may significantly affect the operations, the results of operations or the state of affairs of the Company in subsequent financial years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

1. ABOUT THIS FINANCIAL REPORT

1.1 Background

This financial report covers the consolidated financial statement of the consolidated entity consisting of Bentley Capital Limited (ASX:BEL) (the **Company** or **BEL**), its subsidiaries and investments in associates (the **Consolidated Entity** or **Bentley**). Bentley Capital Limited is a company limited by shares incorporated in Australia and whose shares are publicly traded on the Australian Securities Exchange (**ASX**).

These financial statements have been prepared on a streamlined basis where key information is grouped together for ease of understanding and readability. The notes include information which is required to understand the financial statements and is material and relevant to the operations, financial position and performance of the Consolidated Entity. The financial report is presented in Australian currency.

Information is considered material and relevant if, for example:

- (a) the amount in question is significant because of its size or nature;
- (b) it is important for understanding the results of the Consolidated Entity;
- (c) it helps to explain the impact of significant changes in the Consolidated Entity's business; or

25	Events occurring after the reporting period

Significant and other accounting policies that summarise the measurement basis used and presentation policies and are relevant to an understanding of the financial statements are provided throughout the notes to the financial statements.

1.2 Basis of Preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Australian Accounting Interpretations and the *Corporations Act 2001 (Cth)*. The Company is a for-profit entity for the purpose of preparing the financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

Compliance with International Financial Reporting Standards (IFRS)

The consolidated financial statements of the Consolidated Entity comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Reporting Basis and Financial Statement Presentation

The financial report has been prepared on a going concern basis and is based on historical costs modified by the revaluation of financial assets and financial liabilities for which the fair value basis of accounting has been applied.

The principal accounting policies adopted in the preparation of these financial statements have been consistently applied to all the years presented, unless otherwise stated.

1.3 Principles of Consolidation

The consolidated financial statements incorporate the assets and liabilities of the Company as at 30 June 2020 and the results of its subsidiaries for the year then ended. The Company and its subsidiaries are referred to in this financial report as Bentley or the Consolidated Entity.

All inter-company balances and transactions between entities in the Consolidated Entity, including any unrealised profits or losses, have been eliminated on consolidation.

1.4 Comparative Figures

Where required by the Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial period.

1.5 Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST. Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

1.6 Impairment of Assets

At each reporting date, the Consolidated Entity reviews the carrying values of its tangible and intangible assets (where applicable) to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Statement of Profit or Loss and Other Comprehensive Income. Impairment testing is performed annually for goodwill and intangible assets (where

applicable) with indefinite lives. Where it is not possible to estimate the recoverable amount of an individual asset, the Consolidated Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

1.7 Leases

At the lease commencement, the Consolidated Entity recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Consolidated Entity believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Consolidated Entity's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Consolidated Entity's assessment of lease term. Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the re-measurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Exceptions to lease accounting

The Consolidated Entity has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The Consolidated Entity recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

1.8 New, revised or amending Accounting Standards and Interpretations adopted

The Consolidated Entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the AASB that are mandatory for the current reporting period. Any new, revised or amending Accounting Standards or Interpretations that are not mandatory have not been early adopted. These are not expected to have a material impact on the Consolidated Entity's financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

2. REVENUE

The consolidated loss before income tax includes the following items of revenue:	2020	2019
	\$	\$
Investment		
Dividend revenue	572	176,349
Interest revenue	568	1,839
	<u>1,140</u>	<u>178,188</u>

Other income	62,491	118,192
	<u>475,345</u>	<u>296,380</u>

Accounting policy

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Consolidated Entity and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

(a) Sale of financial assets, goods and other assets

Revenue from the sale of financial assets, goods or other assets is recognised when the Consolidated Entity has passed control of the financial assets, goods or other assets to the buyer.

(b) Interest revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

(c) Dividend revenue

Dividend revenue is recognised when the right to receive a dividend has been established. The Consolidated Entity brings dividend revenue to account on the applicable ex-dividend entitlement date.

(d) Other revenues

Other revenues are recognised on an accruals basis.

3. EXPENSES

The consolidated loss before income tax includes the following items of expenses:	2020	2019

Accounting Policy

The operating segments are reported in a manner consistent with the internal reporting provided to the "Chief Operating Decision Maker" (CODM). The Consolidated Entity's CODM is the Board of Directors who are responsible for allocating resources and assessing performance of the operating segments.

The Board has considered the business and geographical perspectives of the operating results and determined that the Consolidated Entity operates only within Australia, with the main segments being Investments and Technology operations.

Description of segments

- Investments comprise securities listed on the Australian Securities Exchange (ASX), units in unlisted managed funds and other liquid financial assets;
- Technology operations relates to the software, Internet and applications development division (which ceased activities during the year); and
- Corporate items comprise corporate assets and operations.

Liabilities

Liabilities are not reported to the Board of Directors by segment. All liabilities are assessed at a Consolidated Entity level.

5. INCOME TAX (continued)

	2020	2019
(iii) Unrecognised deferred tax balances	\$	\$
Unrecognised deferred tax asset - revenue losses	5,623,317	5,352,135
Unrecognised deferred tax asset - capital losses	318,600	342,593
	<u>5,941,917</u>	<u>5,694,728</u>

Critical accounting judgement and estimate

The Consolidated Entity is subject to income taxes (and other similar taxes) in Australia. Judgement is required in determining the Consolidated Entity's provision for income taxes.

Deferred tax assets have not been recognised as, in the Directors' opinion, it is not probable that future taxable profit will be available against which the Consolidated Entity can utilise the benefits. The utilisation of revenue and capital tax losses are subject to compliance with taxation legislation.

Accounting policy

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the national income tax rate for each taxing jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses (if applicable).

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates which are enacted or substantively enacted for each taxing jurisdiction. The relevant tax rates are applied to the cumulative amounts of deductible and taxable temporary differences to measure the deferred tax asset or liability. An exception is made for certain temporary differences arising from the initial recognition of an asset or a liability. No deferred tax asset or liability is recognised in relation to these temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. The amount of deferred tax assets benefits brought to account or which may be realised in the future, is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the Consolidated Entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the Consolidated Entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

Weighted average number of ordinary shares	76,127,918	76,127,918

The Consolidated Entity has no securities outstanding which have the potential to convert to ordinary shares and dilute the basic loss per share.

Accounting policy

Basic loss per share is determined by dividing the operating result after income tax by the weighted average number of ordinary shares on issue during the financial period.

Diluted loss per share adjusts the figures used in the determination of basic loss per share by taking into account amounts unpaid on ordinary shares and any reduction in loss per share that will probably arise from the exercise of options outstanding during the financial period.

Critical accounting judgement and estimate

Judgements have been made in the determination of the carrying value and fair value of financial assets held at fair value through profit or loss. In making these judgements, the Consolidated Entity may give additional consideration to other factors in respect of listed investments suspended from trading on a securities exchange as at balance date including but not limited to their underlying net asset backing value and the existence of a takeover bid.

Investment in Keybridge Capital Limited (ASX:KBC)

With effect on 30 June 2019, the Consolidated Entity changed the accounting treatment/classification of its investment in Keybridge from being an investment in an Associate entity (accounted on an equity accounting basis under AASB 128) to being an investment in Financial Assets at Fair Value through Profit or Loss (accounted at fair value under AASB 9). This decision was made as a consequence of a dispute within the Keybridge Board (refer Bentley's ASX Announcement dated 22 July 2019: Update on Investment in Keybridge Capital Limited).

Keybridge has been suspended from trading on ASX since 16 July 2019. Keybridge's last published net asset backing was \$0.0582 per share as at 31 December 2019, as disclosed in Keybridge's 31 December 2019 Half Year Report released on ASX on 2 March 2020 (unaudited) and 8 May 2020 (auditor reviewed). However, there has been a number of material events subsequent to 31 December 2019 that have impacted on the financial position of Keybridge (refer to Keybridge's announcements released on ASX), which the Board is unable to quantify as Keybridge has not publicly disclosed its net asset position subsequent to 31 December 2019.

As at (30 June 2020) balance date, the Consolidated Entity has adopted a carrying value of \$0.069 per Keybridge share (2019: \$0.069), based on the Board's judgement of Keybridge's value having regard to the existence of a cash, unconditional takeover bid for Keybridge as at balance date.

On 28 April 2020, WAM Active Limited (ASX:WAA) (WAM) launched an off-market takeover bid for Keybridge at \$0.069 cash per share (Offer). The Offer is unconditional and opened on 21 July 2020. On 23 July 2020, the Consolidated Entity accepted into the WAM Offer in respect of 31,680,000 shares in Keybridge and received cash consideration of \$2,185,920 on 27 July 2020.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

8. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS (continued)

Accounting policy

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition, financial assets at fair value through profit and loss acquired principally for the purpose of selling in the short term or if so designated by management and within the requirements of AASB 9: (Financial Instruments) will recognise its realised and unrealised gains and losses arising from changes in the fair value of these assets in the Statement of Profit or Loss and Other Comprehensive Income in the period in which they arise.

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the balance sheet date which is the current bid price. The fair value of unlisted units in managed funds is determined from unit price information provided by the fund. The Consolidated Entity's investment portfolio is accounted for as a "financial assets at fair value through profit and loss" and is carried at fair value.

9. NON-CURRENT ASSET HELD FOR SALE	2020	2019
	\$	\$
Cost of investment	2,890,442	2,890,442
Revaluation gain/(loss) in Strike Resources Limited (ASX:SRK)	(525,535)	(525,535)
Investment at fair value	<u>2,364,907</u>	<u>2,364,907</u>

Accounting policy

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. They are measured at the lower of their carrying amount and fair value less costs of disposal. For non-current assets to be classified as held for sale, they must be available for immediate sale in their present condition and their sale must be highly probable.

An impairment loss is recognised for any initial or subsequent write down of the non-current assets to fair value less costs of disposal. A gain is recognised for any subsequent increases in fair value less costs of disposal of a non-current assets, but not in excess of any cumulative impairment loss previously recognised. Non-current assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of assets held for sale continue to be recognised.

Non-current assets classified as held for sale are presented separately on the face of the statement of financial position, in current assets.

10. FINANCIAL RISK MANAGEMENT

The Consolidated Entity's financial instruments consist of deposits with banks, receivables and payables, investments in listed securities and investments in unlisted managed funds. The principal activity of the Consolidated Entity is the management of its investments (Financial Assets at Fair Value through Profit and Loss) (refer to Note 8). The Consolidated Entity's investments are subject to market (which includes price and interest rate risk), credit and liquidity risks.

The Board is responsible for the overall internal control framework (which includes risk management) but no cost-effective internal control system will preclude all errors and irregularities. The system is based, in part, on the appointment of suitably qualified management personnel. The effectiveness of the system is continually reviewed by management and at least annually by the Board.

(a) Market risk

Market risk is the risk that the fair value and/or future cash flows from a financial instrument will fluctuate as a result of changes in market factors. Market risk comprises of price risk from fluctuations in the fair value of equities and interest rate risk from fluctuations in market interest rates.

(i) Price risk

The Consolidated Entity is exposed to equity securities price risk. This arises from investments held by the Consolidated Entity and classified in the Statement of Financial Position at fair value through profit or loss. The Consolidated Entity is exposed to commodity price risk in respect of its investments indirectly via market risk and equity securities price risk.

The value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument, its issuer or factors affecting all instruments in the market. By its nature as an investment company, the Consolidated Entity will always be subject to market risk as it invests its capital in securities that are not risk free. This is reflected in the market price of these securities which can and will fluctuate. The Consolidated Entity does not manage this risk through entering into derivative contracts, futures, options or swaps.

Equity price risk is minimised through ensuring that investment activities are undertaken in accordance with Board established mandate limits and investment strategies.

Investments in unlisted managed funds provide exposure to underlying investments in a diversified portfolio both in terms of number of securities held and exposure to a wide range of industry sectors.

The Consolidated Entity has performed a sensitivity analysis on its exposure to equity securities price risk for listed and unlisted financial assets at fair value through profit or loss. The analysis demonstrates the effect on the current year results and equity which could result from a change in these risks. The ASX/S&P 200 Accumulation Index was utilised as the benchmark for the investment portfolio.

10. FINANCIAL RISK MANAGEMENT (continued)

(a) Market risk (continued)	Impact on post-tax profit		Impact on equity	
	2020	2019	2020	2019
(i) Price risk (continued)				
	\$	\$	\$	\$
Increase 5%	141,760	192,824	141,760	192,824
Decrease 5%	(141,760)	(192,824)	(141,760)	(192,824)

(ii) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Consolidated Entity's exposure to market risk for changes in interest rates relate primarily to investments held in interest bearing instruments. The weighted average interest rate of the cash at bank for the year for the table below is 0.35% (2019: 1.1%)

The following table illustrates the sensitivity of profit and equity to a reasonably possible change in interest rates based on observation of current market conditions. The calculations are based on a change in the average market interest rate and the financial instruments that are sensitive to changes in interest rates.

	Impact on post-tax profit		Impact on equity	
	2020	2019	2020	2019
	\$	\$	\$	\$
Increase 1%	813	2,667	813	2,667
Decrease 1%	(813)	(2,667)	(813)	(2,667)

(b) Liquidity risk

Liquidity risk is the risk that the Consolidated Entity will encounter difficulty in meeting obligations associated with financial liabilities. The Consolidated Entity has no borrowings. The Consolidated Entity's non-cash investments can be realised to meet payables arising in the normal course of business. The financial liabilities disclosed in the above table have a maturity obligation of not more than 30 days.

(c) Credit risk

Credit risk refers to the risk that a counterparty under a financial instrument will default (in whole or in part) on its contractual obligations resulting in financial loss to the Consolidated Entity. Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions, including outstanding receivables and committed transactions. Concentrations of credit risk are minimised primarily by the investment manager carrying out all market transactions through recognised and creditworthy brokers and the monitoring of receivable balances. The Consolidated Entity's business activities do not necessitate the requirement for collateral as a means of mitigating the risk of financial loss from defaults.

The credit quality of the financial assets are neither past due nor impaired and can be assessed by reference to external credit ratings (if available with S&P Global Ratings) or to historical information about counterparty default rates. The maximum exposure to credit risk at Balance Date is the carrying amount of the financial assets as summarised below:

	2020	2019
Cash and cash equivalents	\$	\$
AA-	67,113	261,676
Receivables (due within 30 days)

11. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair value hierarchy

The following tables present the Consolidated Entity's financial assets and liabilities measured and recognised at fair value at 30 June 2020 categorised by the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2020

Financial assets at fair value through profit or loss:	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Listed investments at fair value	352,364	-	2,187,300	2,539,664

Non-current asset held for sale	2,364,907	-	-	2,364,907
	5,073,540	1,147,837	-	6,221,377

The investment in Keybridge Capital Limited (ASX: KBC) has transferred from Level 1 to Level 3 due to KBC's suspension from ASX during the year (since 16 July 2019) and the adoption of a carrying value as at balance date based on the Directors' judgement (refer to Note 8).

There have been no other transfers between the levels of the fair value hierarchy during the financial year.

Accounting policy

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes. The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the Balance Date. The quoted market price used for financial assets held by the Consolidated Entity is the current bid price; the appropriate quoted market price for financial liabilities is the current ask price.

The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques, including but not limited to recent arm's length transactions, reference to similar instruments and option pricing models. The Consolidated Entity may use a variety of methods and makes assumptions that are based on market conditions existing at each Balance Date. Other techniques, such as estimated discounted cash flows, are used to determine fair value for other financial instruments.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

11. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS (continued)

Accounting policy (continued)

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Consolidated Entity for similar financial instruments.

The Consolidated Entity's investment portfolio (comprising listed and unlisted securities) is accounted for as a "financial assets at fair value through profit and loss" and is carried at fair value based on the quoted last bid prices at the Balance Date (refer to Note 8).

(a) Valuation techniques

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques such as the use of quoted market prices or dealer quotes for similar instruments. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

The fair value of the unlisted units in managed funds is determined from unit price information provided by the fund, and as such, this financial instrument is included in Level 2.

(b) Level 3 fair value measurements

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. Investments in unlisted shares are considered Level 3 investments as their fair value is unable to be derived from market data. The Directors assess the fair value of these investments based on information obtained from the companies directly.

Unobservable inputs such as earnings growth in respect of unlisted securities are estimated based on market information for similar type of companies. At balance date the investment in unlisted shares has been fully impaired.

(c) Fair values of other financial instruments

Accounting policy

AASB 9 (Financial Instruments) introduces a new expected credit loss (ECL) impairment model that requires the Consolidated Entity to adopt an ECL position across the Consolidated Entity's financial assets at 1 July 2018. The Consolidated Entity's receivables balance comprises deposits, GST refunds from the Australian Tax Office and distributions from managed trusts.

At each Balance Date, the Consolidated Entity reviews the carrying value of its financial assets based on the ECL model under AASB 9, which proposes three approaches in assessing impairment:

- (i) the simplified approach (which will be applied to most trade receivables) which requires the recognition of lifetime ECLs by considering forward-looking assumptions and information regarding expected future conditions affecting historical customer default rates;
- (ii) the general approach (which will be applied to most loans and debt securities) whereby ECL is recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, the Consolidated Entity will provide for credit losses that result from default events that are possible within the next 12 months. For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance will arise for credit losses expected over the remaining life of exposure, irrespective of the timing of the default; and
- (iii) For purchased or originated credit-impaired receivables, the fair value at initial recognition already takes into account lifetime expected losses. At each Balance Date, the Consolidated Entity updates its estimated cash flows and adjusts the loss allowance accordingly.

The loss allowances for financial assets are based on the assumptions about risk of default and expected loss rates. The Consolidated Entity uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Consolidated Entity's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The Consolidated Entity has not recognised any additional impairment to its current receivables or non-current receivables as a result of the application of AASB 9. This is due to the fact that the Consolidated Entity does not consider that there are any further ECL to the current carrying values of its current receivables or its non-current receivables.

Risk exposure

The Consolidated Entity's exposure to credit and interest rate risks is discussed in Note 10.

13. INTANGIBLE ASSETS (continued)

Critical accounting judgement and estimate

Indefinite life of intangible assets

The Consolidated Entity tests annually or more frequently, if events or changes in circumstances indicate impairment and whether the indefinite life of intangible assets has suffered any impairment, in accordance with Note 1.6.

Accounting policy

Expenditure during the research phase of a software development project is recognised as an expense when incurred. Development costs are capitalised only when:

- (a) the technical feasibility and commercial viability of the project is demonstrated;
- (b) the Consolidated Entity has an intention and ability to complete the project and use or sell it; and
- (c) the costs can be measured reliably.

Such costs include payments to external contractors to develop the software, any purchase of materials and equipment and personnel costs of employees directly involved in the project.

Capitalised software development expenditure is stated at cost less accumulated amortisation and impairment losses. Amortisation is based on a straight-line method over periods generally ranging from 1 to 4 years matched to the future economic benefits over the useful life of the project. The amortisation period and amortisation method of intangible assets other than goodwill are reviewed at least at each balance sheet date. No amortisation has taken place on projects that have not been completed as at the balance date.

Accounting policy

These amounts represent liabilities for goods and services provided to the Consolidated Entity prior to the end of financial period which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

Risk exposure

The Consolidated Entity's exposure to risks arising from current payables is set out in Note 10.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

15. PROVISIONS (continued)

Accounting policy

Short-term obligations

Provision is made for the Consolidated Entity's liability for employee benefits arising from services rendered by employees to the Balance Date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year from the Balance Date have been measured at the present value of the estimated future cash outflows to be made for those benefits. Employer superannuation contributions are made by the Consolidated Entity in accordance with statutory obligations and are charged as an expense when incurred.

Other long-term employee benefit obligations

The liability for long-service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the Balance Date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

(a) Movements in Provisions

Movements in each class of provision during the financial year, other than employee benefits, are set out as follows:

	Return of capital	Dividends	Total
	\$	\$	\$
Opening balance	94,166	67,275	161,441
Amounts paid during the year	(52)	(3,967)	(4,019)
Closing balance	94,114	63,308	157,422

(b) Return of capital

The provision reflects historical returns of capital unclaimed by shareholders. Returns of capital have no effect on the total number of shares on issue nor the holdings of each shareholder.

(c) Dividends

The provision reflects historical dividends unclaimed by shareholders.

(d) Amounts not expected to be settled within 12 months

The provision for annual leave and long service leave is presented as current since the Consolidated Entity does not have an unconditional right to defer settlement for any of these employee benefits. Long service leave covers all unconditional entitlements where employees have completed the required period of service and also where employees are entitled to pro-rata payments in certain circumstances.

Based on past experience, the employees have never taken the full amount of long service leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months:

	2020	2019
	\$	\$
Leave obligations expected to be settled after 12 months	26,733	24,962

Fully paid ordinary shares	76,127,918	76,127,918	19,477,385	19,477,385

There was no movement during the financial year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

16. ISSUED CAPITAL (continued)

Accounting policy

Ordinary shares are classified as equity. Fully paid ordinary shares carry one vote per share and the right to dividends.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or options for the acquisition of a business are not included in the cost of the acquisition as part of the purchase consideration.

17. PROFITS RESERVE	2020	2019

Dividends paid (Note 18)	-	(380,636)
Closing balance	3,297,878	3,297,878

Accounting policy

An increase in the Profits Reserve will arise when the Company generates a net profit (after tax) for a relevant financial period (i.e. half year or full year) which the Board determines to credit to the Company's Profits Reserve. Dividends may be paid out of (and debited from) the company's Profits Reserve, from time to time.

18. DIVIDENDS

Dividends paid during the financial year:	Paid On	2020	2019
		\$	\$
0.50 cent per share fully franked dividend	20-Jul-18	-	380,636
		-	380,636
Dividends paid in cash or satisfied by the issue/transfer of shares under DRP were as follows:			
Paid in cash		-	355,010
Satisfied by issue/transfer of shares under DRP		-	25,626
		-	380,636
Franking credits available for subsequent periods based on a tax rate of 27.5% (2019: 27.5%)		1,144,159	1,135,063

The above amounts represent the balance of the franking account as at the end of the reporting period, adjusted for:

- (a) Franking credits that will arise from the receipt of dividends recognised as receivables at balance date;
- (b) Franking credits that will arise from the payment of the amount of the provision for income tax; and
- (c) Franking debits that will arise from the payment of dividends recognised as a liability at balance date.

The franking credits attributable to the Consolidated Entity include franking credits that would be available to the parent entity if distributable profits of subsidiaries were paid as dividends.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

18. DIVIDENDS (continued)

Accounting policy

Provision is made for the amount of any dividend declared (being appropriately authorised and no longer at the discretion of the Company) on or before the end of the financial year but not distributed at the Balance Date.

19. CAPITAL RISK MANAGEMENT

The Company's objectives when managing its capital are to safeguard its ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders and to maintain a capital structure balancing the interests of all shareholders.

The Board will consider capital management initiatives as is appropriate and in the best interests of the Company and shareholders from time to time, including undertaking capital raisings, share buy-backs, capital reductions and the payment of dividends.

The Consolidated Entity has no external borrowings. The Consolidated Entity's non-cash investments can be realised to meet accounts payable arising in the normal course of business.

Accounting policy

Subsidiaries are all entities (including structured entities) over which the Consolidated Entity has control. The Consolidated Entity controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Consolidated Entity. They are deconsolidated from the date that control ceases. The acquisition method of accounting is used to account for business combinations by the Consolidated Entity.

The controlled entities have a June financial year-end except for the entities based in Malta and Estonia (which have a calendar financial year). All inter-company balances and transactions between entities in the Consolidated Entity, including any unrealised profits or losses, have been eliminated on consolidation.

During the year, the Company advanced \$89,468 loan funds in respect of William Johnson's legal costs incurred in circumstances where Mr Johnson's Director's Deed with the Company provides a procedure for the advancement of monies in this regard. The Board agreed to advance these funds in accordance with the relevant provision of Mr Johnson's Director's Deed and subject also to various conditions agreed with Mr Johnson, including advancing indemnity claims from third-parties and a review of the position thereafter. The Company and Mr Johnson have also each reserved their respective rights in the matter.

(b) Transactions with other related parties

No other related party transactions have been identified than those disclosed above.

23. AUDITORS' REMUNERATION

During the year the following fees were paid or payable for services provided by the auditor of the parent entity, its related practices and non-related audit firms:

24. CONTINGENCIES

Directors' Deeds

The Company has entered into Deeds of Indemnity with each of its Directors indemnifying them against liability incurred in discharging their duties as Directors/Officers of the Consolidated Entity. It is not possible to quantify the potential financial obligation of the Consolidated Entity under these indemnities.

25. EVENTS OCCURRING AFTER THE REPORTING PERIOD

- (a) On 23 July 2020, the Consolidated Entity accepted into the WAM Active Limited (ASX:WAA) unconditional off-market takeover bid for Keybridge Capital Limited (ASX:KBC) at \$0.069 cash per share in respect of 31,680,000 shares and received the cash consideration of \$2,185,920 on 27 July 2020.
- (b) On 10 August 2020, the Consolidated Entity acquired a further 11,243,150 Yowie Group Ltd (ASX:YOW) shares (at a cost of \$0.035 per share), increasing its total interest to 21,199,260 shares (9.71%).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 30 June 2020

25. EVENTS OCCURRING AFTER THE REPORTING PERIOD (continued)

- (c) The share price of Strike Resources Limited (ASX:SRK) has increased significantly since the balance date, from 4.5 cents to a last bid price of 11 cents (on 19 August 2020). This translates to an unrealised net gain of \$3.416 million (in respect of 52,553,493 shares) for the current 2020/2021 financial year, which is equivalent to 4.5 cents (pre and post tax) per Bentley share (based on the Company's issued capital of 76,127,918 shares).

No other matter or circumstance has arisen since the end of the financial year that significantly affected, or may significantly affect, the operations of the Consolidated Entity, the results of those operations, or the state of affairs of the Consolidated Entity in future financial years.

DIRECTORS' DECLARATION

The Directors of the Company declare that:

- (1) The financial statements, comprising the Consolidated Statement of Profit or Loss and Other Comprehensive Income, Consolidated Statement of Financial Position, Consolidated Statement of Cash Flows, Consolidated Statement of Changes in Equity, and accompanying notes as set out on pages 21 to 46 are in accordance with the *Corporations Act 2001 (Cth)* and:
 - (a) comply with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting; and
 - (b) give a true and fair view of the Consolidated Entity's financial position as at 30 June 2020 and of their performance for the year ended on that date;
- (2) In the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
- (3) The Directors have been given the declarations required by section 295A of the *Corporations Act 2001 (Cth)* by the Executive Chairman (the person who, in the opinion of the Directors, performs the Chief Executive Officer function) and Company Secretary (the person who, in the opinion of the Directors, performs the Chief Financial Officer function); and
- (4) The Company has included in the notes to the Financial Statements an explicit and unreserved statement of compliance with the International Financial Reporting Standards.

This declaration is made in accordance with a resolution of the Directors made pursuant to section 295(5) of the *Corporations Act 2001 (Cth)*.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
BENTLEY CAPITAL LIMITED**

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Bentley Capital Limited (“the Company”) and its subsidiaries (“the Group”) which comprises the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended on that date and notes to the financial statements, including a summary of significant accounting policies and the directors’ declaration of the Company.

In our opinion the financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group’s financial position as at 30 June 2020 and of its financial performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under these standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Report* section of this report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 *Code of Ethics for Professional Accountants* (the “Code”) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor’s report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
BENTLEY CAPITAL LIMITED (continued)**

<i>Key Audit Matter - Financial Assets at Fair Value Through Profit or Loss and Non-Current Assets Held for Sale</i>	<i>How our Audit Addressed the Key Audit Matter</i>
<p>The Group's portfolio of financial assets at fair value through profit or loss and non-current asset held for sale make up 90% of total assets by value and are considered to be the key driver of the Group's operations.</p> <p>We do not consider financial assets at fair value and non-current asset held for sale to be at a high risk of significant misstatement or to be subject to a significant level of judgement.</p> <p>However due to their materiality in the context of the financial statements as a whole, they are considered to be the area which had the greatest effect on our overall strategy and allocation of resources in planning and completing our audit.</p>	<p>We assessed the reasonableness of the fair value attributed to financial assets at fair value through profit or loss and non-current asset held for sale with reference to relevant supporting documentation.</p> <p>We agreed holdings in financial assets at fair value and the non-current asset held for sale to independent third-party documentation</p> <p>We agreed the fair value of the unlisted units to the unit price information provided by the investment manager.</p> <p>We assessed whether the disclosures included in the financial report meet the requirements of Australian Accounting Standards.</p>

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed we conclude there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Directors' Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
BENTLEY CAPITAL LIMITED (continued)**

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or cease operations, or have no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/Home.aspx.

We communicate with the directors regarding, amongst other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe those matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communications.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the remuneration report included in the directors' report for the year ended 30 June 2020.

In our opinion the remuneration report of Bentley Capital Limited for the year ended 30 June 2020 complies with section 300A of the *Corporations Act 2001*.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
BENTLEY CAPITAL LIMITED (continued)

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
